Detailed directions by car from south of Paris

Take the A20 south from Vierzon towards Chateauroux and Limoges (Toll Free/Non Peage to Brive). Stay on A20 past Brive. **Please Note: Shortly after Brive is a service station, which is the last fuel stop along this route before Cajarc, which is about 100km.**

Leave the A20 at Junction 56, signposted Figeac (Decazaville & Rodez) along the D802 (previously D2). Take the D802 towards Figeac and Livernon.

After about 14km, take the D14 towards Espédaillac and Cajarc. Pass through Espédaillac on the D40 towards Marcilhac and Cajarc. Turn right onto the D653 towards Cahors, then after a short distance turn left on the D14 towards Marcilhac and Cajarc. Turn right on the D41, pass through Marcilhac, then turn left over the bridge towards Cajarc along the D17.

On arrival at Cajarc go straight across the junction along the Boulevard du Tour de Ville (D17) with the main square on your right and the Credit Agricole bank on your left. At the roundabout, take the left turn that is signposted D17 Salvagnac-Cajarc (by a Renault garage). Go past L'Auberge du Pont over the steel bridge which crosses the river Lot and straight across the roundabout immediately ahead. The road at this point becomes the D24.

Continue for about 1km until you reach the small village of Salvagnac-Cajarc. As the road bends around to the left, you will see an iron cross and a sign for Le Moulin de Lantouy to your right. Turn right along the D146 towards St Clair.

After a short distance, there is a sharp left bend with views down to the river Lot on your right. Continue for about 600m and on your right is a sign and a cutting into the hillside on the left. This is the car parking area and reception is across the lane in the pigeonnier.
